

When you want the best... call the best.

Turbo Tek, LLC is currently seeking experienced workers who are highly motivated individuals, safety-focused, and team oriented to install spray foam insulation, air vapor barriers, power washing, and restoration projects. Experience in roofing is a major plus. The job requires a dedicated person with strong work ethics, ability to perform in physically demanding environment, accepts responsibility and accountability, works well with deadlines, and follows instructions. Training and education is provided with the opportunity to grow within the company.

Installers/Sprayers will be responsible for transporting materials, job site preparation, installation and other duties, job site cleanup, and equipment maintenance. This job requires the ability to work in confined spaces while wearing protective clothing and respiration equipment. Turbo Tek is looking for someone who can multi-task and focused on quality work, every time.

Since 1993, Turbo Tek LLC has been proudly offering the best in residential, historical, and commercial services. Restructuring has opened up opportunities for the right candidate who can grow within the company and enjoy the many benefits of this specialized industry. Turbo Tek currently serves all Central PA and the surrounding Mid-Atlantic States.

Please visit our website for more information about our organization and the services we offer at www.turbotekinc.com.

**Turbo Tek values service Veterans and their family members who have given to our country, and support the hiring of returning Service Members and military spouses.
