

RESOLUTION NO. _____

PERRY COUNTY MULTI-JURISDICTIONAL HAZARD MITIGATION PLAN

WHEREAS, Perry County and Blain Borough are vulnerable to natural hazards such as flooding, severe winter weather, and drought, and manmade hazards such as transportation incidents, and can result in loss of life and property, economic hardship, and threats to public health and safety, and

WHEREAS, the Disaster Mitigation Act of 2000 (DMA 2000) requires state and local governments to develop and submit for approval to the President a mitigation plan that outlines processes for identifying their respective natural hazards, risks, and vulnerabilities, and

WHEREAS, the counties of Mifflin, Juniata, and Perry jointly applied and received a federal Pre-Disaster Mitigation (PDM) grant to develop and submit for approval their respective multi-jurisdictional hazard mitigation plans, and

WHEREAS, the Perry County Multi-Jurisdictional Hazard Mitigation Plan has been developed by the Perry County Board of Commissioners in cooperation with its participating municipal governments, and

WHEREAS, a public involvement process consistent with the requirements of DMA 2000 was conducted to develop the plan, and

WHEREAS, the County Multi-jurisdictional Hazard Mitigation Plan recommends mitigation activities that will reduce losses to life and property affected by the natural and man-made hazards that face the County.

NOW THEREFORE BE IT RESOLVED by the governing body for Blain Borough that the Perry County Multi-jurisdictional Hazard Mitigation Plan is hereby adopted as the official mitigation plan of the Borough.

ADOPTED, this the 2nd day of October, 2008

WHEREAS, Perry County and Southwest Madison Township are vulnerable to natural hazards such as flooding, severe winter weather, and drought, and manmade hazards such as transportation incidents, and can result in loss of life and property, economic hardship, and threats to public health and safety, and

WHEREAS, the Disaster Mitigation Act of 2000 (DMA 2000) requires state and local governments to develop and submit for approval to the President a mitigation plan that outlines processes for identifying their respective natural hazards, risks, and vulnerabilities, and

WHEREAS, the counties of Mifflin, Juniata and Perry jointly applied and received a federal Pre-Disaster Mitigation (PDM) grant to develop and submit for approval their respective multi-jurisdictional hazard mitigation plans, and

WHEREAS, the Perry County Multi-jurisdictional Hazard Mitigation Plan has been developed by the Perry County Board of Commissioners in cooperation with its participating municipal governments, and

WHEREAS, a public involvement process consistent with the requirements of DMA 2000 was conducted to develop the plan, and

WHEREAS, the County Multi-jurisdictional Hazard Mitigation Plan recommends mitigation activities that will reduce losses to life and property affected by the natural and man-made hazards the face the County.

NOW THEREFORE BE IT RESOLVED by the governing body for Southwest Madison Township that the Perry County Multi-jurisdictional Hazard Mitigation Plan is hereby adopted as the official mitigation plan of the Township.

ADOPTED, this the 29 day of September, 2008.

RESOLUTION # 2008-8

PERRY COUNTY MULTI-JURISDICTIONAL HAZARD MITIGATION PLAN

Whereas, Perry County and Watts Township are vulnerable to natural hazards such as flooding, severe winter weather, and drought, and manmade hazards such as transportation incidents, and can result in loss of life and property, economic hardship, and threats to public health and safety, and

Whereas, the Disaster Mitigation Act of 2000 (DMA 2000) requires state and local governments to develop and submit for approval to the President a mitigation plan that outlines processes for identifying their respective natural hazards, risks and vulnerabilities, and

Whereas, the counties of Mifflin, Juniata and Perry jointly applied and received a federal Pre-Disaster Mitigation (PDM) grant to develop and submit for approval their respective multi-jurisdictional hazard mitigation plans, and

Whereas, the Perry County Multi-jurisdictional Hazard Mitigation Plan has been developed the Perry County Board of Commissioners in cooperation with its participating municipal governments, and

Whereas, a public involvement process consistent with the requirements of DMA 2000 was conducted to develop the plan, and

Whereas, the County Multi-jurisdictional Hazard Mitigation Plan recommends mitigation activities that will reduce losses to life and property affected by the natural and man-made hazards that face the County.

Now therefore be it resolved by the governing body for Watts Township that the Perry County Multi-jurisdictional Hazard Mitigation Plan is hereby adopted as the official mitigation plan of Watts Township.

Adopted, this 1st day of October, 2008, by Watts Township, Perry County.
