NALOXONE & RECOVERY TRAINING

FREE COMMUNITY TRAINING

The RASE Project will be hosting a 2½ hour training workshop for community members on March 27, 2019 starting at 6:00 pm. This training will provide a brief overview of the science behind addiction & recovery. Attendees will also receive information about Naloxone and how to properly administer it. At the completion of the training, audience members will receive free Naloxone and a certificate of completion.

Pre-Registration Required:
